

ROOT RAKE

FOR SKID STEER LOADERS

Bradco® Root Rake by Paladin allows you to remove the toil and leave the soil at your job site with aggressive tine and grapple profiles that lock material in place and stabilize during transport.

ROOT RAKE

FOR SKID STEER LOADERS

FEATURES

- Leading edge of the grapple travels in a range of motion that pulls material into the bucket area to optimize its large capacity for brush and debris
- Constructed of high strength material with replaceable pin-on H&L style teeth for durability, serviceability, and extended life
- Pilot operated check for positive lock clamping
- Replaceable hardened steel bushings at all pivot locations
- Upper push-bar, aggressive profiles with H&L-230 style teeth work together to neatly
- Zinc plated, greasable, pivot pins with protected grease zerks, & replaceable hardened steel bushings
- Rake Heel keeps attachment upright and stable during storage. Also doubles as a scarifier for busting up dirt clumps or working and loosening the ground
