

Features

- Adjustable/detachable push bar/brush guard controls the shear action
- Adjustable cutting blade
- Protected hydraulic lines
- Operates on standard flow hydraulics
- Universal SSL mounting

Bradco® Tree Shears are designed for shearing trees up to 10 inches in diameter. With a sturdy push bar to direct the tree's falling direction and a 4-inch diameter cylinder to control the shearing action, Bradco Tree Shears will safely handle a variety of brush-clearing tasks.

SHEAR	A. WIDTH		B. HEIGHT	C. DEPTH
	56.22"		46.90"	39.38"
CYLINDER	BORE	ROD	STROKE	RATING
	5.00"	2.50"	14.00"	3000 psi

Weight

1,125 lbs.
