

Features

- High-profile moldboard provides increased carrying capacity
- Designed for Category II 3-point mount
- Double wall moldboard with heavy-duty side plates prevent frame twisting
- Reversible and replaceable end plate for 2X wear life
- Reversible and replaceable bolt-on cutting edges

FFC® Box Scraper, by Paladin®, is perfect for fine grading and heavy-duty landscaping jobs. It can backfill, grade, excavate, rip and scarify. The hydraulically-actuated scarifiers make switching from ripping/excavating to finish grading effortless.
