

# SmartLoc<sup>®</sup>

## Rugged. Versatile. Dependable.

JRB SmartLoc<sup>®</sup> by Paladin, offers flexibility and value when using attachments intended for a specific machine. It is designed to fit a single machine based on pin spread, pin diameter and machine geometry.

The SmartLoc<sup>®</sup> is a reliable, time tested coupler offering a unique wedge design allowing effortless tool changes from the cab.

In-cab safety controls include an unlocked indicator light, audible unlock buzzer and locking toggle switch.

- Automatically sequenced Secondary Lock
- Wedge Locking System adjusts for wear keeping a tight connection
- Maintains small vertical offset, keeping the alignment closer to the machine
- Includes one set of attachment pins

Specifications		
Class	Part Number	Approximate Weight (lbs)
